Important Suggestions

- Check well in advance that your passport is current and bring a second photo ID, like your driver's license. At this time, US passport holders do not need a visa prior to travel to enter the United Kingdom. Your passport must be valid for at least six months beyond your intended date of departure.
- Make sure to notify your credit card companies of the dates that you will be spending abroad so they don't freeze your card thinking it has been stolen!
- Remember to bring your camera, memory cards, batteries and power cords. Charge all your equipment before leaving home.
- A power adapter for electronic equipment.
- Remember to bring prescriptions and specific medical information.
- Bring an extra pair of eyeglasses, just in case.
- Plan your packing carefully to get the most use from what you bring. It is always best to travel light!

More information about weather, recommendations for cameras, using cell phones and other relevant information will be provided to the group in our pre-journey online gatherings.
